Sailors Arrive!

Photo film (Blu-Ray or DVD)

"Air travelers are leaving the plane and are there, Sailors Arrive!"

The photo film "Sailors Arrive!" was produced according to all valid technical standards for Blu-Ray Disc and DVD and is playable on all Blu-Ray and DVD devices.

Users of MS Windows personal computers (PCs), notebooks and netbooks can play the Blu-Ray or DVD as usual with Windows Media Player, Cyberlink Power DVD or similar software.

Users of Apple MAC OS computers can play the Blu-Ray or DVD with any corresponding software like MAC DVD Player or Macgo Mac Blu-Ray Player.

Xbox users can play the Blu-Ray or DVD with the built-in Xbox Blu-Ray player software.

For users of the **VLC Media Player**, it is recommended to set the "Disk Cache" parameter for interference-free playback as follows:

1. Start „VLC“
2. At the top level menu bar select „Tools -> Preferences“
3. Select in the lower left corner „Show Settings = all“
4. Select in the left hand list „Input / Codecs“
5. Scroll down the right hand parameter sheet to the bottom to section "Advanced"
6. Change the value „Disc caching“ from „300“ to „3000“
7. Click „Save“
8. Exit and restart „VLC“
9. Done!
